

Bridgette Tatum Biography 2024

Bridgette Tatum is an accomplished singer/songwriter/producer/industry entrepreneur from Florence SC (Cackalacki) with more than 100 cuts to include #1's under her boots! A Guitar banger with the vocal delivery of honey soaked tequila, she brings the songs and the stories to life with each line. Some call her an experience, some call her a friend to the craft, but each moment represents a piece of what's in her soul that'll have you walking away with a feeling of both. In her own words, "Make it honest, let it tell it's truth, and you'll be saying what the song needs to say. It's always in the room."
